

President's Message

Dear Fellow Club Members,

Greetings for the New Year! I assure you that 2025 will be another great year for our club with enhanced service quality and of exciting new events. I am pleased to welcome the two new members on the MC for this year: Mr. Shehzad Salim and Mr. Aly Mustansir Khoja.

During the first year of my tenure, I along with the managing committee members worked diligently and passionately to deliver on your expectations on all aspects of the club's operations including, catering, sports, entertainment and of course our

mainstay rowing activities. The MC made sure that the long-upheld club rules and values are strictly observed by all members and their guests.

It is for these reasons, our club has attained the status of the most sought-after destination for culinary experience, entertainment programs, fraternity hangout, etc. The exponential increase in frequency of visits by our members and their guests is a glaring testament to this fact. The catering has recorded sale of more than Rs.45 million in the month of December'24 alone with positive net operating profit for the first time in decades. Thanks to the joint efforts of catering sub-committee and the valuable suggestions by our finance sub-committee.

Rest assured that the entire managing committee is committed to conduct the affairs of the club with highest standards of good governance and to deliver the best fraternity experience and socially attractive environment.

I would also like you to recognize one key factor which has contributed in our club's performance and that is; our staff's dedication and passion in carrying out their duties to keep the club operationally in the best possible shape with respect to upkeep of its physical facilities and the outstanding service to the members in all spheres of its operation.

My gratitude goes to your constant support to me and to the entire MC, particularly by the past presidents, senior members. Your supported not only with words of encouragement but also with concrete and valuable suggestions to the MC members for bringing about the improvements etc. I am confident that this year too, you will continue to contribute with your suggestions and ideas to the new managing committee.

With lots of thanks & regards,
Syed Nadeem Ali Kazmi
